

Hot off the Press:

Congress and the President Act to Increase Small Business Loan Program: Roughly \$484 billion in economic aid is on its way to small businesses, medical providers, and state testing efforts as part of the latest relief measure, the Paycheck Protection Program and Health Care Enhancement Act (PL 116-139) signed into law on April 24, 2020. The law provides \$310 billion for the Paycheck Protection Program, \$75 billion for hospitals, and \$25 billion for states to increase testing.

No Remote Hearings or Voting for Now: House Majority Leader Steny Hoyer and House Minority Leader Kevin McCarthy convened a bipartisan workgroup to consider various options for carrying out congressional functions. Earlier this week, it looked like the House would vote on new rules including “Proxy voting,” but after bipartisan pushback, the workgroup was announced. Republicans in both chambers of Congress, including most notably Senate Majority Leader Mitch McConnell, are pushing to get back to the normal in-person schedule.

A Deeper Look (Articles of Interest)

SSI and CARES: The Department of Treasury announced on April 15, 2020, that SSI recipients will automatically receive economic impact payments (made possible by the CARES Act) *without* being required to file additional forms. “SSI recipients with no qualifying children do not need to take any action in order to receive their \$1,200 economic impact payment. The payments will be automatic,” said Secretary Steven T. Mnuchin. However, SSI recipients with qualifying children under age 17 should use the ‘Non-Filers: Enter Payment Info Here’ web portal according to Mnuchin. For more information, see the IRS webpage.

Discrimination: This Bulletin on civil rights, HIPAA, and COVID-19 is provided by the HHS Office of Civil Rights (OCR) to reinforce the laws and regulations prohibiting discrimination and upholding civil rights. It includes resources relating to coronavirus treatment. OCR joined with FEMA's Office of Equal Rights (OER) in a teleconference to discuss civil-rights related concerns related to COVID-19. The transcript from the first

teleconference on April 16 is now available. Please contact the OER for dates of upcoming teleconferences. If you have specific questions regarding the transcript, please contact FEMA CRO via email at FEMA-CivilRightsOffice@fema.dhs.gov
